## SOFTWARE DEVELOPER

JAVA | JAVASCRIPT | AGILE TRAINED

### SUMMARY OF QUALIFICATIONS

- Highly motivated and detail-oriented student enrolled in Software Engineering Technology (AI)
- Experienced in develop and deliver web projects using **React.js, Sass, and API integrations**
- Knowledgeable of **Object-Oriented Programming**, WCAG, and the application of the SDLC
- Possesses a solid understanding of **Cybersecurity** and data confidentiality, integrity and availability
- Demonstrated ability to collaborating with cross-functional teams and quickly learn new frameworks

### KEY SKILLS

---

- Frontend: HTML, CSS, Sass, JavaScript, jQuery, React.js
- Backend: C#, Java, SQL
- Design & Collaboration: Web Design principles, WCAG, Adobe XD, Figma, Git, Github
- Other Tools: API Integrations, Postman, Firebase, Terminal, Visual Studio Code, Jira

### RELEVANT EXPERIENCES

---

#### WEB DEVELOPER

OCT. 2021 – FEB. 2022

Atreo Media Inc., Guelph, ON

- Collaborated with senior developers to develop dynamic and interactive website for clients
- Implemented functionality of the website while following UI/UX design requirements
- Followed project timelines and developed best practices in the web development
- Performed testing and QA on websites to ensure error-free and efficient functionality
- Utilized technologies including: JavaScript, React.js, JSON, Firebase, API Integration, Adobe XD

#### IT SECURITY INTERN

JAN. 2019 – AUG. 2020

Dispension Industries Inc., Halifax, NS

- Performed in-depth research and analysis to assist in creating a secure integrated retail solution for regulated products
- Developed and recommended IT Security policies, ensuring adherence to data privacy and security protocols
- Collaborated with senior leadership to enforce IT Security policies and maintain compliance with data privacy and security standards
- Proposed security practices including: Security Assessment, Business Continuity Plan

### ACADEMIC PROJECTS

---

#### Software Requirements Specification (SRS) Document – Subscription-based Online Bookstore

- Collaborated in a team using Agile practices for the development of an SRS document for a subscription-based online bookstore which delivers customized and curated books regularly
- Served as the project lead in team of 3, overseeing task allocation, tracking project milestones and submitting the deliverable as per requirements

#### E-Commerce Website Retail Database – SQL

- Co-developed a relational database that allows retailer to store, update, retrieve, and maintain clothing inventory
- Created entity relationship diagrams, SQL tables and queries to retrieve specific data

## EDUCATION

---

### Software Engineering Technology – Artificial Intelligence (Co-op) Advanced Diploma

Sept. 2023 - Present

Centennial College, Toronto, ON

*Expected graduation Fall 2026*

- GPA 4.5 / 4.5 (A+)
- Focus Areas: Web Interface Design | Client-Side Web Development (MERN stack) | Software Engineering Design | Unix/Linux | SQL | C# | Java | Machine Learning Foundations

### Cybersecurity Technology – Master of Science degree

Apr. 2018 – Oct. 2020

University of Maryland University College, Adelphi, MD, USA

- Focus Areas: Security assessment | Data loss prevention | Forensic investigation | Threat modelling

### Management Information System - Bachelor of Commerce degree

Sept. 2012 – Oct. 2015

University of Manitoba, Winnipeg, MB

- Focus Areas: System analysis & design | Database management | MIS strategy | Supply chain logistics

## CERTIFICATIONS

---

- React – The Complete Guide (Hooks, React Router, Redux), Udemy
- TypeScript Essential Training, LinkedIn
- Complete Web Design: From Figma to Webflow, Udemy
- JavaScript: Understanding the Weird Parts, Udemy

## OTHER WORK EXPERIENCES

---

### GENERAL MANAGER

Jul. 2024 – Present

BB.Q Chicken Markham Unionville, Markham, ON

- Oversaw daily operations of a high-volume restaurant, ensuring seamless service and exceptional dining experiences
- Trained and supervised a team of 7 employees and ensuring high performance and morale
- Managed daily operations, including inventory control, ordering supplies, and ensuring compliance with health and safety regulations

### IT SUPPORT INTERN

MAY. 2019 – MAY. 2020

Parks Canada, Halifax, NS

- Provided on-site and remote technical supports to users in nation-wide locations
- Used Jira to respond, assign, escalate, track, and resolve support tickets
- Configured and troubleshoot software application, network access, Windows 10 migration project, and user accounts in the Active Directory and Outlook system
